

# Anti-Phishing Toolkit

Your users are the weakest link in your phishing defenses. By opening and clicking on phishing emails they put you and your organization at risk.

This anti-phishing kit gives you a wealth of useful resources to help you educate users on the threat of phishing, including:

- ▶ Two-minute phishing video: <https://vimeo.com/210910231>
- ▶ Prevent Phishing web page: [www.sophos.com/prevent-phishing](http://www.sophos.com/prevent-phishing)
- ▶ Poster for your workplace (in A3 and A4 sizes)
- ▶ PowerPoint presentation for a phishing training session
- ▶ 10 telltale signs of a phishing attack
- ▶ Phishy flowchart to help spot phishing emails
- ▶ Phishing – Spot the Difference
- ▶ Don't Take the Bait whitepaper

## How to use these resources

You are free to share and use the toolkit resources within your organization. They are flexible, and can be used in many ways. Popular options include:

### Stop the Phishing training session

- ▶ Use the video and PowerPoint presentation in a live training session
- ▶ Give out the “phishy flowchart” and “10 telltale signs of a phishing attack” tools as handy references

### Stop the Phishing office takeover

- ▶ Put up the poster in prominent locations in your office
- ▶ Print the “Spot the Difference” PDF and leave on users' desks
- ▶ Follow-up with an email encouraging everyone to watch the video and check-out the Prevent Phishing web page
